☞ THE NEWS.—The N. Y. market yesterday showed some activity in breadstuffs, but no better prices. The stock market was higher and more active.

The afternoon report brought news of a very heavy failure in Toronto, Canada—over a million of dollars.

Nominations.

The Republicans of Waukesha Co. have completed their nominations; and present for Assembly, ALBERT ALDEN in the 1st district, O. P. HEWLETT in the 2d, THOS. SUDDEN in the 3d, GEO. MCWHORTER in the 4th, and C. S. HAWLEY in the 5th.

The Democrats of the 18th (Ross Co) district, have nominated M. H. CARPENTER for the Senate, and J. J. COOK is their candidate for Assembly in the 5th district.

DEMOCRATIC FRAUDS IN MINNESOTA.—If our Republican friends have succeeded in carrying Minnesota, they have done it against the most stupendous frauds perpetrated by the Democracy. Among the other manufactured returns, the far northern County of Pembina, which has not 100 legal voters, sends down 600 Democratic majority.

The Minneapolis News of the 20th has the following concerning the tremendous vote of Pembina:

Returns have just been received from Pembina by the St. Anthony agent of the Chippewa voters which indicate a majority of 600 for Mr. Sibley in Pembina. When it is understood that these were polled by about 35 men with the assistance of four or five hundred Indians who "rushed naked to the fight," the brilliant triumph of the Breech-clout Democracy will stand forth in all its sublimity. Pile up the votes!—colonized wheel-barrows and bogus railroads, Fort Snelling, Manomin, Brownsville, Blue Earth, St. Paul and Pembina! The climax is perfect,—glory enough for one day!

The Kansas Frauds.

Gov. Walker's trip to Oxford, the precinct whence came the 1,600 democratic majority, disclosed the following facts, upon which he bases a proclamation declaring that he shall throw out the returns:

We went to the precinct of Oxford (which is a village with six houses, including stores and without a tavern), and ascertained from the citizens of that vicinity, and especially those of the *handsome adjacent village* of New Santa Fe in Missouri, (separated only by a street and containing about twenty houses), that altogether not more than one-tenth the number of persons represented to have voted, were present on the two days of the election, much the smaller number, not exceeding thirty or forty, being present on the last day, when more than fifteen hundred voters are represented as having been given. The people of Oxford, as well as those of the neighboring village of Santa Fe, were astounded at the magnitude of the return; and all persons of all parties, in both places, treated the whole affair with derision of indignation, not having heard the alleged result until several days after it had occurred.

McGee county, in Kansas, competes with Oxford for the premium for the most rascally fraud.

A correspondent of the Chicago *Tribune* says:

Yesterday returns reached Lecompton from McGee County, a very thinly populated district in the Southern part of Kansas, and lying on the Missouri Border. It is one of the fifteen Counties that were formed into one District. It contains probably one hundred voters, mostly Pro-Slavery. Yet from the three precincts, TWELVE HUNDRED AND TWO VOTES are returned, all Pro-Slavery.—This counterbalances the vote of all other Counties on Representatives, and elects the Buffum candidates. It remains to be seen whether Stanton will throw them out. The same objections alleged against the Oxford vote can be urged against the McGee returns.

Suffering in the Lumber District.

The Chicago Democrat of yesterday publishes a letter from a lumberman, dated Oconto, Oct. 19, from which we take the following extract:

The mills from Green Bay to Menominee were all shut down without a moment's warning; some of the men paid off with notes at sixty and ninety days, others with due bills. There is not a barrel of pork, flour or anything for the inner man, and not twenty dollars in money in the whole length of Oconto County, and no way to get any. Men who are able to walk are going to Green Bay on foot, leaving their wives and children here with not three days provisions before them. Jobbers are leaving the woods for want of pork and flour for their help. If our employers could not raise money, they could at least send us something to eat. Oh, if any of them get your paper and read these few lines, while at the Theatre, or any of your three dollar hotels, may they think of us here having their due bills to look at, and eating potatoes with cold water, or hemlock tea.

Another correspondent writes as follows:

Here I am, working and managing two mills, for Mr. ——, and my family are actually in want of common food and clothing, and can't get even these. Oh, you can't imagine the distress and famine that will be heard from here. Here I am with nearly seven hundred dollars coming to me, and no pork, butter, flour, or sugar in the house, and with over two inches of snow on the ground. It is hard.

I thought I had a hard time in Mexico, but it was no comparison.

This is, indeed, a gloomy picture. We cannot doubt, however, that scarce as work may be during the coming winter, food will be plenty and cheap in this State, and none allowed to starve.

CONSIGNEES OF BREADSTUFFS.—Several large and extensively known houses in this city have signified their willingness to receive consignments of flour and grain from the West, among whom, besides Messrs. Spofford & Tileston, we may mention Messrs. Grinnell, Minturn & Co., and others have been mentioned as willing to do the same thing, and to pay freight and charges to this port, with the view of aiding in the movement of breadstuffs from the interior to the seaboard, by which the present pressure may be alleviated and exchanges equalized.—*N. Y. Herald*, 25d.

The New York Canal Tolls and Western Produce.

The Oswego *Times* of the 22d inst., has the following relative to the canal tolls from Oswego and Buffalo to New York, and the importance of shipping at this season via Oswego:

We learn by telegraph to-day, that Canal Freights have advanced to twenty cents per bushel from Buffalo to New York. This should induce Western operators and holders of produce to ship via Oswego. Freights now stand:

	Cents.
Chicago to Buffalo	9
Buffalo to New York	20
Through via Buffalo	29
Chicago to Oswego	12
Oswego to New York	10½
Through via Oswego	22½

It cannot be that so large a difference will escape the notice of the shrewd shippers of produce from the west, particularly when this route is preferable to the Buffalo route, when rates by both are the same.

From the Cincinnatian, Oct. 2.

The Borup & Oakes Bank Suspension.

The suspension of the banking house of Borup & Oakes, which astounded the community yesterday, was occasioned, we learn, by "great losses incurred in advances made by them in the East, to meet drafts." It is reported that they suffered heavily in the downfall of the Ohio Life and Trust Company. These losses, and the general pressure, which renders collections nearly impossible, has compelled them, in order to protect the it depositors, to stop all payment for the present. Their assignee is H. C. Sanford, whose card in another column, shows that their depositors will be promptly paid every dollar due them. Since the 10th of September Messrs. Borup & Oakes, have paid out $185,000—a formidable drain in three times, when it is all one go and little is come. We join in both the regret and the hope expressed by the *Pioneer*, in the following concluding paragraph of its article yesterday:

"We regret in common with all our citizens, the suspension of Messrs. Borup & Oakes. That action has been in the highest degree honorable; at this time they possess the confidence of the people of St. Paul to a greater extent, we may say, than ever before. We hope they will soon be enabled to resume business."

PERSONAL.—We regret to hear that S. H. Winslow, Esq., of Winslow, Lanier & Co., is suffering under a severe illness, caused by the late financial troubles, in which his house had so large an interest.

John H. Hicks, Esq., an old merchant of New York, is dead. His last visit to Wall street was on the day of the Bank suspension. The excitement of the day caused a bleeding at the lungs, which has terminated fatally.—*New York Mirror, Oct. 25.*

CITY MATTERS.

POLICE COURT, Oct. 27.

BEFORE CLINTON WALWORTH, POLICE JUSTICE

Jon Keuhn, larceny, not guilty.

Amelia Wagner, disorderly, fined $3

Daniel Steckling, fast driving on a bridge, fined $1.00.

STATE OF WISCONSIN vs. PETER YATES.—This case has come to an end the second time, in the Circuit Court, to the disappointment of our city authorities, and to very many of our citizens, however much the citizen sued may be pleased with the result.

The suit was brought originally against Mr. Yates for creating a nuisance in the Milwaukee river, obstructing the navigation of vessels, the locality being in the basin at the junction of the Menomonee river. The defendant was acquitted at the first trial, the state of facts presented not being deemed sufficient to warrant a conviction.

At this second time, the defendant was indicted, in effect, for *continuing* the nuisance, and pleaded that, having been once acquitted, he could not be tried a second time. The counsel for the city demurred to the plea, but the demurrer was overruled by Judge MCARTHUR, and the defendant has been discharged.

So, thus far, Mr. Yates has won, and the nuisance—for nuisance it is, however made, or whomever made it, or with whatever legal right,—still remains. The "Basin" is shorn of its ample dimensions, and for aught we can see, is likely to remain so.

A WORD FOR ENGINE CO. NO. 4.—Mr. EVISTON, Foreman of No. 4, in a note to the *American*, states, in justice to his Company and Machine, that the latter is a Button machine, ranking as 2d class, while No. 5 is a new first class Engine. He thinks that the Committee should have stated this fact in their award at the late trial, and claims that No. 4 threw more water, according to her class, than No. 5.

The capacity of the two Engines is as follows:

No. 5—diameter of cylinder,	11½ inches.
No. 4— " "	9 "
No. 5, stroke 10 inches—No. 4 stroke 7 inches.	

The first engine (No. 5) is calculated for seventy men, while No. 4 is calculated for only thirty.

No. 4 is a first rate Company, and will justice should be done to it.

NIAGARA SHIP CANAL.—The friends of the proposed Ship Canal round the Falls of Niagara are again urging the project upon public attention, and intend to apply to the next Congress for an appropriation of Public Lands in aid of the work. The Boards of Trade in several of the Lake Cities, have passed resolutions backing up this application, and a meeting of our Milwaukee Board of Trade will be held at their rooms in the casemant of the Newhall House, *this* evening at 7 o'clock, to take action in the matter.

A CAPITAL INVENTION.—We had the pleasure yesterday, of examining a little instrument, the invention of Mr. W. HART, of Mayville, Dodge Co., which displays a great deal of ingenuity in the inventor, and must prove invaluable to artizans of various kinds. He calls it "Combination Flyers," and, in the same bulk as an ordinary pair of plyers, it "combines" the requisites of that tool,—improved so as to make the jaws *parallel*, and not holding only at the end—with those of Callipers, a Hand-Vice, a Wire-Cutter, a Screw-Driver, a Centre-Punch, and a small Metal Punch. Besides, this, the instrument is fitted with a spring, which throws open the jaws, and prevents any tendency to "sag" when in use.

Altogether, it is a very complete affair.

THE THEATRE.—There was a good house at the Theatre, last evening, to greet the first appearance of Mr. W. F. JOHNSON. This veteran actor, in spite of sundry drawbacks, sustained himself admirably, and won the hearty applause of the audience. Mr. MULHOLLAND played his part quietly, naturally and effectively; but the piece dragged for want of sufficient rehearsal. Mr. JOHNSON is a capital comedian and, as his engagement is but a short one, those who wish to see him has better improve the first opportunity to do so. He appears again to-night in two favorite characters.

FESTIVAL FOR THE HOSPITAL.—We understand that a grand Festival is to be given at Albany Hall to-morrow evening for the purpose of raising funds to complete the new Hospital of the Sisters of Charity at the North Point. The object is a most excellent one, and we trust the Festival will prove successful.

DAMAGES TO A BREWERY.—The large brick vaults, nearly completed for Mehms' Brewery in the Eighth Ward, fell in early on Sunday morning. The loss in money will be nearly $3,000, but the damage to the business besides is considerable.

☞ The Republicans of the 4th Ward meet to-night to nominate a candidate for the Assembly.

Common Council Proceedings.

PRESIDENT HADLEY, PRESIDING.

A regular meeting of the Common Council was held on Monday evening. In the absence of the Mayor, Aldermen Hadley occupied the Chair.—Aldermen Bussel, Fuldner, Grenlich, Johnston, McCormick and Plankinton were absent.

A petition from John Delany to remit a fine imposed upon him by the police justice for being disorderly, was referred to the Police Committee

A petition numerously signed by residents of the 2d ward, calling the attention of the Council to an old grave yard in said ward, setting forth the necessity of some measures being adopted to prevent further interment of bodies in said burial ground, the same being injurious to the health of the City, was referred to the Local Committee of the 2d ward.

A petition from Robert McJarty, accompanying a recommendation from the police justice to the same effect, asking for the remission of a fine for driving over a sidewalk to his lot was referred to the Local Committee of the first ward.

A petition from Engine Co. No. 2, asking the council to provide them with a new machine, as the one they now have is almost useless, and that it has cost almost enough to buy two machines keeping this one in repair since they have had it, and that the same is heavy and unfit for their use, it was referred to the committee on Fire Department.

A petition from residents in the Fourth Ward asking for the reconsideration of the rate approving a certain plat in said ward, was presented, the approval reconsidered, and the reading of same recommitted to committee on plats, to make some alteration in relation to an alley in said plat.

A number of accounts were presented and referred to committee in the usual manner.

A communication from Frank Davalin, 1st assistant Engineer, calling the attention of the Council to the necessity of having the construction at the foot of streets abutting on the river removed, so that in case of a fire the firemen would be able to get at the water conviniently, was temporarily laid upon the table, and afterwards recalled, and a resolution adopted which accompanied it requiring the removal of all buildings, timber, or other obstructions, which the Chief Engineer might consider necessary to have removed, and to have the same done at the cost of the owner in case of this requirements being necessary.

Maps of Bennett's sub-division in 1st Ward, and Hopkins' sub-division in the 6th Ward, were referred to committee on plats.

A communication from Common Council of Portage City, acknowledging receipt of a copy of city charter and ordinances, map, &c, was read, and ordered to be placed on file.

A communication from city Comptroller, accompanying a number of city bonds and coupons, for cancellation, were referred to the committee on Finance.

Also another communication from the city Comptroller, in relation to an account of S. B & J. Davis for damages sustained in the Second Ward, in 1853, in consequence of a bad place in one of the streets, and which had been appealed from the decision of the Council to the Circuit and Supreme Court, and a judgement obtained by the plaintiffs against the city for the damages and costs, amounting to $630,70, was taken into consideration and a resolutions adopted instructing the city Clerk and Comptroller to draw an order in favor of Messrs. Davis for the above amount.

The chairman of the bridge committee to whom was referred the petition of John Ryan, bridge tender, asking for remission of a fine imposed by police justice, reported in favor of granting the petitioners request, and offered are solution that the fine be refunded which after a long discussion was not adopted.

The Finance Committee returned bonds and coupons referred to them from City Comptroller, the same being found correct, and approved by them, and offered a resolution that the bonds and coupons be cancelled, which was adopted.

A resolution was adopted instructing the City Comptroller to take action against the village of Kenosha, for the amount of two notes executed by that village for the payment of old Engine No. 1, which have been due for some time, and still remain unpaid. The amount is $400.

An ordinance to alter the grade on East Water street, from Oneida to Division streets, was laid over under the rules for consideration.

An ordinance was passed amendatory to an ordinance, prescribing the fire limits in the Fifth Ward.

A resolution was adopted, that the Street Commissioners in all the Wards be required to have graders put up guards in places where they have been grading.

A resolution that the fine imposed upon H. Kirby for driving a carriage at night without light, as required by the ordinance regulating Hacks, &c, be remitted, was adopted. A communication from the Chief of Police recommending the remission of this fine accompanied the resolution.

A resolution was adopted, declaring lot 5 in block 17, in Walker's Point Addition, a public nuisance, and requiring abatement of the same within 5 days.

A resolution was adopted recalling the petition of residents of the 1st Ward, asking Alderman Hadley to resign, which was voted under the table at the last meeting, and the same referred to the local committee of the 1st Ward.

The Common Council then adjourned to Saturday week, at 7½ o'clock.

Republican Meeting.

Pursuant to notice the Republicans of the First and Seventh Wards met at the Court House, on Monday evening, to nominate a candidate for the Assembly. CHARLES KNOBLESDORFF was called to the chair, and E. W. CARPENTER appointed Secretary.

On motion, WILLIAM A. PRENTISS was unanimously nominated as the Republican candidate for the Assembly.

The following persons were appointed chalengers.

First Ward.—H. J. Paine, Arthur Bate, W. Wood, C Knoblesdorff.

Seventh Ward—Rufus King, Peter Kleinb, Henry Guenther, J. R. Brigham.

On motion, adjourned,

C. KNOBLESDORFF, Chairman.

E. W. CARPENTER, Secretary.

CANDIDATES FOR TEACHERS.—The call of our School Board for candidates to present themselves for situations as Teachers in our new High School, brought nearly or quite 100 young ladies to the appointed place yesterday, to be examined as to their qualifications. There are, we believe but seven places to be filled. The critical acumen as well as the gallantry of the Committee, is severely tested.

MUSICAL SOCIETY'S CONCERT.—The Concert of this Society on Monday night, being the 78th Concert for members, was fully attended and enjoyed. The Hall was full of people, and full of music. BALATKA'S magic *baton* scarce ever drew from his trained orchestra better sounds, and the singers were in fine voice. Our Musical Society is an institution of which Milwaukee may well be proud.

SCHOONER DANE.—The tug *Tift* made an ineffectual attempt to haul the schooner *Dane* off the shore yesterday, and in the attempt broke one of her own machinery.

BOARD OF TRADE NOTICE.—A special meeting of the Board of Trade will be held at their rooms at 7 o'clock on Wednesday evening, October 28th, 1857. A full attendance is requested as business of importance will be presented By order of the President.

W. HENRY HOLLAND, Sec'y.

☞ *Almost everybody has heard of "Wood's Hair Restorative."* The true word "Restorative" in this case is no misnomer—we have the testimony of individuals whose lives have been saved in the first degree of consumption, and honorable characters, whose veracity they publicly assert in the first degree of honorable. Several of these have *visited* personally the Hair Depot and we are now speaking of, and certify to, amazing, illustrious facts in these public manner as follows. "Those persons who have not been to the Hair Depot, 312 Broadway, New York, and out-lived and properly appreciated, we have no hesitation in saying that they owe it to themselves on the most skeptical mind. Wood's Hair Restorative is doubtless the best article of its kind ever yet produced.

Marine Intelligence.

☞ The steamer Louisiana, which went ashore at Port Burwell while attempting to put in to replenish her fuel, has broken in two, and gone to pieces.

☞ The Dunkirk *Journal* gives the following particulars of the loss of the schooner S. A. Green:

The schooner S. A. Green, from Erie, with coal for Buffalo, in attempting to make the port in Monday, became unmanageable and struck on the west pier a little in shore from the Beacon Light. She soon became water logged, and at 7 o'clock on Tuesday morning went to pieces. Cargo and vessel a total loss. No lives lost.

MORE MARINE DISASTERS.—A private dispatch from Detroit, received yesterday, states that the schooner J. S Newhouse, Capt. Spence, bound from this port to Buffalo, with a cargo of coal, was driving aground in St. Clair river, having lost her boom, split her main sail, and lost her master, Capt. Spence, overboard, during the gale on Monday last. Her cargo is uninsured. The propeller Iron Port yesterday displayed their flags at half-mast.

The brig James McBride, Capt. Mordaff, engaged in the lumber trade between this port and Saginaw, went ashore on the north side of the Sleeping Bear. The vessel will be a total loss, but the cargo, which was wood, will be mostly saved. The McBride was owned by John F. Stannard, of this city, and was uninsured.—*Chicago Democrat, Oct. 27.*

COLLISION.—We learn that the schooner Grevola, bound for Buffalo with a cargo of wheat from Chicago, collided with a white brig in the name of which is not known, off Presque Isle, on Friday night. She was towed into Presque Isle by the propeller Acme, and is said to be leaking, but of this we are not certain. The Rescue has gone to her assistance.—*Det Tri b, 26th.*

☞ Capt Spencer, of the propeller Mendota, which sailed down to day, reports three vessels ashore between the Sleeping Bear and Grand Traverse bay. No lives lost.—*Tribune.*

☞ The propeller Quincy, of the old Oswego line, passed down yesterday with a large load of produce. She had in tow the propeller St. Nicholas, which had become disabled.—*Tribune.*

☞ Mr. E. H. Reynolds, mate of the propeller Ontario, informs us that there is a large fore and-after ashore on the Canada side of Lake Huron, about six miles above St. Clair River. He did not learn the name of the schooner, but she was said to be loaded with wheat. —*Chicago Press*

☞ Capt. Derr states that the schooner Dahlia had a narrow escape from shipwreck on Lake Erie on the evening of the 18th, during the blow from the west. She lies with her breadside on the rocks. She was loaded with staves. The vessel was insured in the Northwestern.—*Tribune.*

THE REPUBLICANS of the Fourth Ward are invited to meet at the Menomonee House on Wednesday evening, the 28th, at half past 7 o'clock, to nominate a candidate to represent this District in the next Assembly of this State.

E. SHAW, Chairman Assembly District Com.
MILWAUKEE, Oct. 26, 1857.

ASSEMBLY DISTRICT CONVENTION.

THE REPUBLICANS electors of the Assembly District composed of Wauwatosa and Greenfield, Mil. Co., will meet at "Sage's School House" on Saturday, 31st inst., at 2 P. M. to nominate a candidate for Assembly.

A. S. DARROW,
REUBEN STRONG,
Dist. Committee.

Carl Schurz—the Republican candidate for Lt. Governor.

We can scarcely say more than we have said, by way of urging our Republican friends to give to Mr. SCHURZ their unanimous and cordial support, as a man who is every way, as a citizen and as a thorough Republican, worthy of their sufrages. He has made an excellent impression wherever he has appeared in the State among the electors, but he cannot appear in every county, nor speak to all the people.

He speaks at Lowell Dodge Co., *to-day*, at Ft. Atkinson, Jeff. Co, to-morrow, at Lebanon, Jeff. Co., on Friday, and at Mayville, Dodge, Co., on Saturday.

We trust that great care will be taken that the tickets are correctly printed, so that no votes may be lost from carelessness in that respect; and we notice that the Dodge Co. *Citizen* and Kenosha *Telegraph* are among those who print Mr. SCHURZ' name wrong.

Among the other desperate games of the desperate faction with whom we are contending, we learn that they have it in contemplation to start again, in portions of the State where it is too late to contradict it, the story of Mr. SCHURZ' ineligibility to office. Let that falsehood be met at once, wherever it appears! He *is* eligible, *is* a citizen, *is* a worthy and able citizen withal. Let no Republican be deceived by the falsehoods of the Know Nothing Democracy in relation to this matter.

We learn that the *National Democrat*, Douglas' German organ in Chicago, has published a statement that the witnesses who testified to Mr. Schurz' five years residence in this country have committed perjury, for which infamous charge that paper will have the opportunity to respond roundly in damages for libel.

Republicans of Wisconsin! See that CARL SCHURZ' name is on all your ballots, printed correctly. Carry him with the first and best on the ticket! HEED none of the lies OF THE ENEMY!

The October Elections.

After all the arraying of capitals, pyramide, &c., by the Shaim Democratic press, by way of rejoicing over the result of the October elections, it appears that the cause of Freedom has *not* lost, but has gained largely in those elections.

In PENNSYLVANIA, we expected nothing, and are disappointed at the result in no respect, except agreeably by the fact that, so far as the official figures appear, the Republican candidates are defeated by a majority greatly reduced below that cast against Fremont last fall.

In KANSAS, the Free State men, in spite of the array of the Federal officers against them, the scandalous apportionment made by the bogus authorities, the voting of Walker's troops, and the frauds of the border ruffian democracy, have triumphed decisively.

In OHIO, where the Democrats and Know Nothings made a close alliance, and the K. N. candidate for Governor labored openly for the Democratic candidate, the Republicans have carried their State ticket, re-electing their noble Governor, SALMON P. CHASE.

In IOWA, the Republicans have elected their Governor, and the Legislature, securing another Republican U. S. Senator in place of G. W. Jones.

In MINNESOTA, our last advice assures us of the triumph of our friends, in the election of ALEXANDER RAMSEY for Governor, and the chances of the Republicans are decidedly the best for the Congressmen and the Legislature.

If the Sham Democracy can find any comfort in these results of the October elections, they are welcome. *We* certainly have reason to be content.

POLITICS IN DANE COUNTY.—Judging from the Madison papers, they are having lively times in Dane County. Col. BIRD, the "old Pioneer," is running as an "independent" candidate for the Senate, against Gen. BULL, the Republican, and Mr. PROUDFIT, the Democratic nominee. The Colonel, accompanied by Judge VILAS and Mr. James Ross, is stumping the district and "making the fur fly." Of course, the *Argus* comes down upon the "old Pioneer," for this "independent" course, and, forgetting the many puffs it has written and published about him, now "whistles him down the wind" in this unceremonious fashion:

He has no friends. He is generally regarded as an old humbug. Nobody cares whether he is a "pioneer" or a new comer. He is a threadbare, dilapidated, worn out and antiquated imposition.

Mr. James Ross too, who has been one of the favorite peripatetic orators of the party, and has received numberless eulogies from the *Argus*, is thus slightingly spoken of:

Truth is that Ross is a young man, possessing some fluency as a speaker, but generally succeeding in making himself ridiculous by his theatrical airs, and by the want of sense in what he says.

We heard nothing about the "theatrical airs" and "want of sense," when Mr. Ross was spouting for the *Argus* democracy last fall.

POST OFFICE PROSCRIPTION.—The Platteville *American* says that the Post Office at Cottage Inn, midway between Platteville and Mineral Point, has been discontinued, because it was in charge of a Republican and no Democrat could be found to take it. The Office did a good business and accommodated a large neighborhood, but being managed for the benefit of the public only, and not of the Democratic party, was abolished.

TELEGRAPH LINE TO PRAIRIE DU CHIEN.—The telegraph line along the Milwaukee & Mississippi Railroad is completed to Prairie du Chien, and in a few days will be in full operation. There are stations beyond Madison, at Boscobel, Muscoda, Lone Rock, Spring Green and Mazomanie.

THE DETROIT & MILWAUKEE R. R. HELP FROM ABROAD.

The half-yearly meeting of the Great Western Railway Company of Canada, was held at the London Tavern on the 8th instant, and the London *Times* of the 9th contains a report of the proceedings. The Chairman, Mr. R. Gill, after moving the adoption of the annual report, which was quite full and satisfactory, submitted to the meeting the application of the Detroit & Milwaukee R. R. Company for a loan of $750,000 which they needed to finish and open their line. He concluded by moving a resolution, authorizing the Directors of the Great Western Company to lend $750,000 to the Detroit & Milwaukee R. R. Co., on the security of the line and the rolling stock.

Mr. Brydges, the Managing Director of the Great Western, seconded this resolution in a short speech. After adverting to the various causes which had led to a falling off in the business of all the American and Canadian Railways this year, he proceeded to say:

If they had no other elements to look forward to than those which might be expected to arise from the completion of the Detroit & Milwaukee Railway, it would be sufficient to add something considerable to their dividend. The population on that line was very large; there were numerous mills and so forth; and he would see no reason why they should not have an excellent traffic. There were large beds of coal on the Detroit line, fit for household and other purposes, and also large beds of gypsum which would increase the local traffic. The line would terminate at the City of Milwaukee, having 50,000 inhabitants, with exports valued at fifty millions of dollars, and a shipping of 30,000 tons. There were 200,000 barrels of flour manufactured there a year, to be conveyed to the East. Various Railway lines, amounting to 700 miles, now radiated from Milwaukee, and next year would be increased to 1,000. There was a population of one million to be served along the line, &c.

The security for the loan asked would be ample, and they would have control of the traffic. They would reap advantages every way by assisting the Detroit and Milwaukee Railway Company, and he believed it was the safest way of increasing their dividends.

After some further talk, the resolution was *adopted*. A vote of thanks was then passed to Mr. BRYDGES, who enjoys, as he richly deserves, the entire confidence of the English Stock and Bond-holders. This loan of $750,000 to the Detroit and Milwaukee R. R. comes in good time. It will, without doubt, enable them to complete and open their line to Grand Haven on this lake, early next Spring.

Of the importance of this enterprise to our City and State, it is impossible to form too high an estimate; and the certainty of its speedy completion must be a source of lively satisfaction to all our citizens.

Good News from Minnesota.

The St. Paul *Times* of the 24th, three days later than the advices before received, claims the election of RAMSEY the Republican candidate for Governor.

It has the following paragraph, the vote showing 10,299 votes and majorities for Ramsey, and 9,587 for Sibley—Ramsey's majority 612:

BRING OUT THE GUN FOR RAMSEY.—We think we are safe in announcing this morning, the election of Alexander Ramsey as Governor of the new State of Minnesota. Mr. Pioneer, please "laugh—out the other side of your mouth."—Have you heard from Pierce and Davis counties?

MONEY CHEAP AND PLENTY IN NEW YORK.—The *News* informs the public that Mayor CROSS has succeeded in borrowing money in New York City [$25,000 is the amount named] at twelve per cent per annum. Not satisfied with this announcement, the *News* proceeds to "improve the occasion," as follows:

There is no difficulty in obtaining money in New York if the right kind of security is given. The loan could have been negotiated at seven per cent., had it not been for the course pursued by the *Sentinel*, which cast suspicion upon our city credit.

A very unnecessary lie and absurd on its face. Even the readers of the *News* know better, and laugh at this shallow imposition.

NOMINATIONS.—The Republicans have nominated J. J. ENOS for Senator in the 14th, Jefferson Co., District.

Also, for Assembly, J. B. GRAY, in the St. Croix district; A. A. MCDONELL, in the Madison, Dane Co., district; WM. COLE, in the Patch Grove, and H. ROBBINS in the Platteville district, Grant Co.

The democrats have nominated J. R. BALTZELL for the Assembly in the Madison district, H. GRAGE in the Brookfield, and D. ROBERTS in the Ottowa district, Waukesha Co.; P. WEIL in the West Bend district, Washington Co.; DR. HAWES in the Elkhorn district, Walworth Co.; RICHARD WHITE in the Oak Creek district, in this county.

Col. Fremont and Mariposa.

Col. Fremont has gone to California, and is arranging his affairs in that quarter, in a manner highly satisfactory to those who are so situated as to be seriously affected by his movements. A paper which would not be inclined to speak of him in very flattering terms, having taken strong political ground against his election, believes that *bona fide* citizens, the miners, will have occasion to thank the Col. for his return, and that a fair and amicable adjustment of all previous difficulties and disputes growing out of the location of his claim in so rich a portion of the State, will follow.

Destitution in Minnesota.

A committee from Stearns County, headed by Mr. TENVOORD, late member of the Constitutional Convention, were in St. Paul on the 20th inst., to solicit contributions for the relief of persons in that county, who are on the verge of starvation. For the past two years the crops in Stearns have been totally destroyed by the grasshoppers. There is not a bushel of wheat or oats raised in the county, raised within its borders. Farmers but two years since comparatively wealthy, are now suffering from a want of the necessaries of life. Over two thousand people, it is estimated, will require aid. The Mayor of St. Paul had called a meeting of citizens to consider and adopt measures of relief.

Statistics of Failures and Suspensions.

The New York *Herald* has been gathering statistics of the financial pressure, from which we take the following summary of failures, suspensions and assignments:

August	134
September	329
October	489
Total failures during the months of Aug. Sept. and Oct.	952

Of the above, 488 occurred in New York, 120 in Pennsylvania, 85 in Massachusetts, 45 in Illinois, 36 in Iowa, 24 in Wisconsin and 5 in Minnesota.

☞ The loss by the burning of Kilbreth, McKenzie & Co's. Sugar Refinery at Cincinnati on the 23d, was about $80,000, nearly all insured An explosion which took place preceding the fire is thought to make it certain that the affair was the work of an incendiary, as there had been no fire in the building for some time.

THE CHARGES AGAINST KINKEL.

WATERTOWN, Oct 24th, 1857.

Messrs. Editors:—Several democratic papers have seen fit to indulge in attacks upon the character of Mr. Kinkel, and have gone so far as to intimate, that I would bear testimony to the truthfulness of their statements; as, for instance, that Mr. Kinkel has collected money for political purposes and employed it for buying a brewery and a farm, etc. Indirectly called upon to testify to these things I feel bound to say, that these and all othe charges, recently brought against Mr. Kinkel by democratic papers, as far as they have come to my knowledge, *are a tissue of the most infamous falsehoods*. It is a very significant fact, that partisan editors in this Republic surpass the most debased hirelings of European despots in calumniating the characters of men, who have sacrificed their fortunes, their prospects, their positions in society and the happiness of their families, and have jeopardized even their lives, for the cause of Liberty. As to the charges brought against me, I have nothing to say. The opinions expressed by those democratic editors, on the revolutionary movements of 1848, disclose an abyss of ignorance the depth of which it is difficult to measure.

Yours truly, CARL SCHURZ.

Correspondence of the Sentinel.

Politics at Watertown—Carl Schurz.

MESSRS. EDITORS:—The Republicans on Saturday last nominated JACOB J. ENOS as their candidate for the senate in this, the 14th District. The Pro-Slavery Democrats have not yet made their selection. Their Convention has met twice and twice broke up in a row; Postmaster Williams, Judge Butler &c., leading one side, and Pat Rogan and Gen. Chappell the other. A third trial to nominate was to be had to-day, but Butler's friends complaining of foul play have decided not to attend it, but to run the Judge anyhow. Gen. Chappell will probably be put on the course by the other side.

Matters look well here, and we shall undoubtedly carry the day, if our friends come to the polls. Mr. SCHURZ, our Candidate for Lieut. Governor, is here, and brings good reports from those portions of the state that he has visited. He has already made twenty-one speeches, and is to address meetings every night this week.

Watertown, Oct. 26. B.

CAN THE ROLLING STOCK OF A RAILROAD BE LEVIED UPON AND SOLD?—We learn from the Cincinnati *Gazette*, that the Court of Appeals in Kentucky, in the cases of Winslow vs. Woodward *et. al*, and same vs. Phillips & Jordon *et. al.*, which were appealed from the Kenton Circuit Court some time since, have within a few days decided that the rolling stock, &c., of a railroad cannot be subjected to a levy and sale under an execution. The decision was given in suits began by Winslow as mortgagee of the Covington & Lexington Railroad Company, in which he sought to enjoin the defendants, who bought some of the stock at an execution sale, from removing the same, and it was stated in the plaintiff's petition that if the property in question was removed, the railroad must become useless, and he, the mortgagee, be irreparably injured, as not only were the cars, &c., of the railroad mortgaged to him, but the tolls and incomes generally.

MR. HASTINGS FOR TREASURER.—*The La Crosse Republican*, alluding to the fact that MR. HABICH, the Democratic candidate for Treasurer, was a clerk in the Land Office, and cognizant of the swindling game carried on in that office, when money was taken out on checks reading "*Good for $200—Barstow*" &c.—asks;

Will not the people of this State check him out of that Treasury, by inserting *Good for 20,000 maj. for Hastings?*

The people of this section of the State know SAMUEL D. HASTINGS, and we ask them if they want an honest man to look after money at Madison? We ask them further if they want this important department of our state government overhauled and the transactions there hidden in darkness brought to light? if they do, endorse that ticket—*good for 20,000 maj. for Hastings!*—we'll stake our existence that for the next two years after Jan. 1st, 1858, not a dollar will go out of that treasury, but what S. D. Hastings, and the people, will know where, to whom, and for what it has gone. We venture that the slips of the "Force" will not be "good" as the counter, unless they come as "made and provided by law."

COLE, THE WIFE POISONER.—The Cleveland Plaindealer states that Cole, the alleged wife-poisoner, who escaped from the officers in Chicago and was afterwards re-arrested in St. Louis has been lodged in Genuga jail, to await his trial, which will take place in November.

GAS AT MADISON.—The Madison Gas Co. has, by consent of the Common Council, raised the price of gas to $6,00 per 1000 ft. The *Journal* says;

For about two years and a half our citizens have been furnished with Gas, and the Directors have raised, in that time, over $12,000 in cash, over and above the receipts, in order to run the works; and now there is a heavy debt incurred, for which means must immediately be raised to liquidate.

Coal costs $11,00 pr ton.

Letter from Mr. James Ross—Proudfit Compelled him to Resign!

MADISON, Oct, 26, '57.

MESSRS. EDITORS of DAILY STATE JOURNAL:

DEAR SIRS:—Common justice to Secretary JONES and the Deputy Treasurer HABICH, demands that I should correct the erroneous statement which rumor undoubtedly caused you to make in your paper of Saturday evening last, with regard to my leaving the School Land Department.

No alternative was presented to me by the gentlemen in question, of my having to support Andrew P Proudfit or of being dismissed, nor had they ever spoken to me on the subject.

I cannot, however, refrain from saying that certain friends of Andrew Proudfit, by their hints as to my supporting the regular nomination, made me feel that my retaining my situation, under existing circumstances, would be a base humiliation on my part, to a most degrading coercion.

My resignation was dictated alone, by a desire to consult my own feeling; and disconnect those who have long and considerately employed me, from any imputation arising from my action, in a political course.

Trusting in the fairness of your disposition to allow this an insertion,

I beg to remain,
Esteemingly yours,
—Madison Journal JAMES ROSS.

BRAYMAN HAS PLEAD GUILTY.—In accordance with the arrangment before made, J. O. Brayman appeared at the bar of the U. S. District Court yesterday morning, and pleaded guilty to the first and second counts of the indictment against him. The first county alleges the stealing of a letter containing a draft drawn by Henry Nolte, of Peoria, in favor of McNally & Co. for $29,50, and the second, the stealing of three letters, one of which contained an article of value.

Judge Drummond postponed the pronouncement of the sentence for the present, and the prisoner was taken into custody by the U. S. Marshal and conveyed to the jail of this county, where he is now confined. We yesterday indicated the future proceeding in regard to the alleged insanity of Mr. Brayman, a report of which will appear in our columns.—*Chicago Tribune*

SIGNIFICANT.—The Plover Herald has hauled down the Republican State nominations.—*Pinery*

We cut the above from the *Wis. Pinery*, of the 8th inst. General, we are much obliged to you for thus indirectly reminding us of our duty. The Republican ticket appears in this and in our last regular issue, and will continue hoisted till elected; which desirable event for your satisfaction we will inform you will take place on the third day of November next. Try and console yourself, General,—the scepter has departed from the Bogus Democracy in this State.—*Plover Herald.*

STAGE TO MILWAUKEE IN TWO DAYS.—Captain COTTON, of Milwaukee, informs us that he has completed all the necessary arrangements for running a regular line of stages twice or three times a week. Messrs. Davis & Moore run stages in connection with the St. Paul and Stillwater stage company through Hudson to New Lisbon, on the La Cross road. Passengers can thus reach Milwaukee during the winter season, in two days by this route.—*Hudson North star, Oct.* 20.

When a lady sits down to the piano-forte, always volunteer to turn over the leaves. To be able to read music is of no consequence, as you will know that she is at the bottom of the page when she stops short. If you turn over two leaves at once, you will probably have the secret thanks of most of the company.

The Recent Loss of a Russian Man-of-War.

The *Journal de St. Petersbourg* of the 18th inst. publishes the following official account of the loss of the Russian ship of the line Lefort, already mentioned in the letter of our Hamburg correspondent:—

"It has pleased Providence I should participate in one of the greatest disasters that can happen at sea, and to make me a witness of the instantaneous and inexplicable loss of one of the vessels in my fleet. A few minutes have sufficed for a beautiful ship of the line, thoroughly seaworthy, to be engulfed by the waves during a tempestuous night. Not a cry of distress reached us from the scene of the disaster although we were but four cables' length distant to windward. No one survives to explain to us the cause of this unparalleled catastrophe.

"On the 28th of August (September 9), four ships of the line, the Imperatrice Alexandra, the Vladimir, the Lefort, of 84 guns, and the Pamiat Asova, of 74 guns, which were in the port of Revel, received orders to arm and return to Cronstadt. Ten days afterwards the Pamiat Asova quitted the roads, to sail by a steam frigate. The three others vessels were ready to set sail two days later; they had water and provisions for a month, and their stowage was the same as at the end of their cruise in the preceding year; the Lefort was thoroughly repaired at Cronstadt in 1852.

I had received inst uctions to profit by the favorable weather to set sail, without waiting for the steam tugs. On the 9th of September (21st) I got under sail with beautiful weather and a favorable breeze from S. S. W., the barometer marking 29:79 English. A little later the wind freshened, and abreast of the island of Rotlschar we were obliged to take in two reefs in the topsails. At half-past 8 p. m., after passing the island of Hochland, the fleet was making more than 11 knots. The wind increasing I ordered a third, and then a fourth reef to be taken in. The barometer being at 29:15, and the weather foggy we sailed as close as possible to the wind, endeavouring to keep our course by short tacks until morning; each time I gave the signal for the manœuvre. At half-past 11 the wind shifted to the west, at midnight to the north-west, and at 4 o'clock to the north, with squalls and snow. At daybreak we were near the island of Grand-Tuters. The fleet was on the starboard tack, the Imperatrice Alexandra a little to windward, and the Vladimir in the wake of the Lefort, with four reefs in her topsails.

"At a distance of five miles from Tuters we veered; during our manœuvre the Lefort appeared to us as if wishing to veer; suddenly a violent squall laid her on her side. Though her sails were let go, she heaved over so much to larboard that we expected her masts would go, but she continued gradually to lean over till she foundered in the short time that the Vladimir took to tack about. The keel of the Lefort appeared once, and was then swallowed up in the waves.

"Exclusive of the commander and 12 officers, the vessel had on board 748 seamen, 68 women, and 17 children; all perished.

"This disaster took place on September 10 (22) at 28 minutes past 7 a. m., at 54 miles to the north-north-east of the island of Grand-Tuters, at a depth of 30 fathoms. After this unparalleled catastrophe, the wind continuing to increase, we bailed up the foretopsails and topgallant sails, and afterwards the maintopsails, and decided to anchor at a depth of 31 fathoms, letting out all the cable of two anchors. Fifty-three hours afterwards the wind calmed, and the steamers, arriving in the meantime, towed us to Cronstadt.

"Signed by the Rear-Admiral,
"NORDMAN I."

ERUPTION OF MOUNT VESUVIUS.—There has been an eruption of Mount Vesuvius. A letter from Naples says.—

"On Thursday we had one of the finest eruptions of Vesuvius possible to be seen. Toward 7 at night, the crater appeared all on fire, long flames suddenly arose from it, then the lava gushed forth, on a very broad surface and with very great rapidity, in the direction of the Posse Delle Faraone, and in less than three hours it had run over all the distance that separates the crater from the Atrio del Cavello, the place where stands the Vesuvian Observatory and the famous hermitage which serves as a refuge for travellers of all nationalities, for no foreigner comes to Naples without making the ascent of Vesuvius. Thanks to the fine mountain road that the Government has had made, one ascends easily in three hours. All the quays of Naples were thronged with people admiring this beautiful eruption."

CANE SYRUP SUCCESSFUL.—We are informed that HORACE D. WELLS, one of our most extensive farmers, has manufactured from half an acre of Sugar Cane about forty gallons of choice syrup, and is satisfied that with proper apparatus for grinding he will be able next year to obtain fifty per cent. Even at fifty cents a gallon the culture of the Cane is likely to prove profitable.—*Baraboo Republic.*

SEBASTOPOL.—Major Leland, lately returned from Sebastopol, says, according to the Journal of Commerce, that Sebastopol has almost the appearance of a New England shipyard. It is calculated that within two years from this time the harbor can be cleared. Already the work of restoring the city has commenced. Among the curious articles brought home by Mr. Leland is a boarding anchor recovered from the iron war steamer Vladimir, (sunk in 60 feet of water, in the deepest part,) and which is a beautiful piece of mechanism. Of seventy seven vessels sunk in the harbor, eight are iron, and will be restored to service with comparative ease. There are also official maps, prepared with great accuracy, showing the position of every ship, and the condition of the fortifications.

"I don't think it cold, Bill," said a youngster to his companion, as the latter was trying to hurry up Broadway, on the chilly and boisterous evening of Saturday last.

"Ah, I know why," answered Bill; "you've got a thick jacket and drawers, and I ain't."

Ponder this lesson, ye wealthy; and profit by it, ye wise! Your discarded garments, worthless to yourselves, would relieve unmeasured suffering, and may preserve many a life worth saving. *Post.*
